Discharge Chute Assembly

This exploded view diagram illustrates the assembly of a mechanical component, likely a wheel hub or a similar rotating assembly. The diagram shows the following components and their assembly sequence:

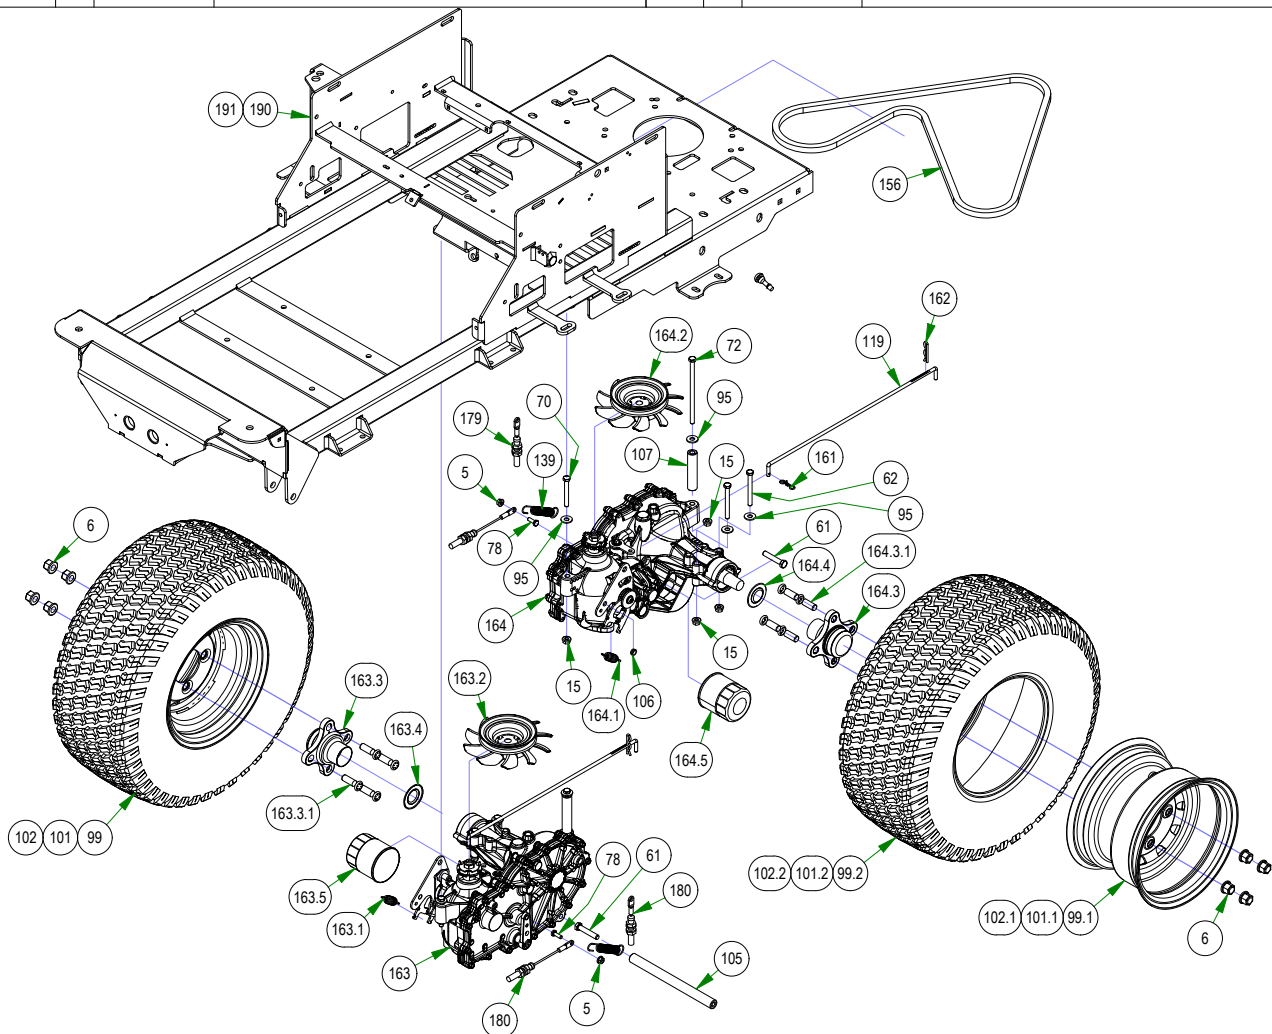

- Component 100:** The main hub or wheel assembly, consisting of a central shaft (100.1) and a flange (100.2).
- Component 103:** A bracket or support arm that will be attached to the central shaft.
- Component 108:** A long shaft or axle that passes through the center of the hub.
- Component 170:** A small ring or spacer that fits onto the shaft.
- Component 234:** A large, complex component that will be mounted onto the shaft. It includes several sub-components:
 - 234.1:** A large flange or bearing that fits onto the shaft.
 - 234.2:** A small ring or spacer that fits between the main flange and the shaft.
 - 234.3:** A small ring or spacer that fits between the main flange and the shaft.
 - 234.4:** A small ring or spacer that fits between the main flange and the shaft.
- Component 21:** A small ring or spacer that fits onto the shaft.
- Component 22:** A small ring or spacer that fits onto the shaft.
- Component 45:** A small ring or spacer that fits onto the shaft.
- Component 51:** A small ring or spacer that fits onto the shaft.
- Component 16:** A small ring or spacer that fits onto the shaft.

Green arrows indicate the direction of assembly for each component, showing how they are fitted together to form the complete assembly.
